

OVERVIEW

I am an Assistant Professor of Statistics at Texas A&M University. My research focuses on computational optimal transport, Bayesian statistics, and statistical machine learning.

EDUCATION

The University of Texas at Austin Ph.D. in Statistics	Texas, USA 2021–2026
Hanoi University of Science and Technology (HUST) B.Sc in Computer Science (5 years program)	Hanoi, Vietnam 2015–2020

ACADEMIC POSITIONS

Texas A&M University <i>Assistant Professor of Statistics</i>	Texas, USA August, 2026 –Now
The University of Texas at Austin <i>Graduate Research Assistant and Graduate Teaching Assistant</i>	Texas, USA September, 2022 –May, 2025

INDUSTRIAL EXPERIENCE

Amazon Science <i>Applied Scientist Intern</i>	Austin, TX, USA May, 2025 –August, 2025
– Developed a multi-task training framework session-based recommendations with large language models and improved online-inference by using KV caching and speculative decoding.	
Amazon Science <i>Applied Scientist Intern</i>	Seattle, WA, USA May, 2024 –August, 2024
– Proposed a framework combining large language models and deep generative models to enhance product recommendation diversity.	
Toyota InfoTech Labs <i>Research Intern</i>	Mountain View, CA, USA May, 2023 –August, 2023
– Developed a Transformer-based framework with global-local decomposition for improved battery health prediction, resulting in patent US12430962B2.	
AT&T Labs <i>Research Intern</i>	Texas, USA June, 2022 –August, 2022
– Proposed and implemented co-clustering algorithms to analyze user browsing behavior in PySpark.	
VinAI Research (Acquired by Qualcomm AI Research) <i>AI Research Resident</i>	Hanoi, Vietnam 2019 –2021
– Did research on Deep Generative Models (VAEs, GANs, score matching, diffusion models) and improved them with Optimal Transport (sliced Wasserstein distance, Sinkhorn divergence).	

AWARDS

- **Stellar Abstract Award at STAI-X.** 2026
- **Bartroff Family Award for Research Excellence.** 2026
- **Schmidt Science Fellows Finalist.** 2026
- **UT Austin Professional Development Award.** 2026
- **Top Reviewer Award at NeurIPS.** 2025
- **BNP14 Travel Award.** 2025
- **UT Austin Outstanding Graduate Research Fellowship.** 2025
The UT Austin Outstanding Graduate Research Fellowship is one of the university's most prestigious awards, recognizing exceptional academic achievement and research excellence among continuing graduate students.
- **Top Reviewer Award at NeurIPS.** 2024
- **ICML Travel Grants.** 2023
- **Top Reviewer Award at NeurIPS.** 2022
- **NeurIPS Scholar Award.** 2022
- **ICML Travel Grants.** 2022
- **UT Austin Graduate Recruitment Fellowship.** 2021
The UT Austin Graduate Recruitment Fellowship is a highly prestigious award offered to attract top academic talents.

BOOKS

PROFESSIONAL SERVICES

- Area Chair at International Conference on Learning Representations (ICLR) 2027.
- Area Chair at International Conference on Artificial Intelligence and Statistics (AISTATS) 2027.

- Reviewer at Journal of Machine Learning Research (JMLR).
- Reviewer at Journal of Computational and Graphical Statistics (JCGS).
- Reviewer at Bayesian Analysis.
- Reviewer at Computational Statistics & Data Analysis.
- Reviewer at Statistics and Computing.
- Reviewer at IEEE Transactions on Pattern Analysis and Machine Intelligence (TPAMI).
- Reviewer at Transactions on Machine Learning Research (TMLR).
- Reviewer at IEEE Transactions on Information Theory.
- Reviewer at Machine Learning Journal.
- Reviewer at International Conference on Machine Learning (ICML) 2022-2026.
- Reviewer at Conference on Neural Information Processing Systems (NeurIPS) 2021-2025.
- Reviewer at International Conference on Learning Representations (ICLR) 2022-2026.
- Reviewer at International Conference on Artificial Intelligence and Statistics (AISTATS) 2022-2025.
- Reviewer at Statistics and Trustworthy AI for Cross (X)-Domain Acceleration (STAI-X) 2026.
- Reviewer at AAAI Conference on Artificial Intelligence (AAAI) 2023-2026 .
- Reviewer at IEEE / CVF Computer Vision and Pattern Recognition Conference (CVPR) 2023-2026.
- Reviewer at International Conference on Computer Vision (ICCV) 2023.
- Reviewer at European Conference on Computer Vision (ECCV) 2024.
- Reviewer at IEEE/CVF Winter Conference on Applications of Computer Vision (WACV) 2026.
- Reviewer at IEEE International Conference on Acoustics, Speech and Signal Processing (ICASSP) 2024-2025.
- Reviewer at Conference on Language Modeling (COLM) 2024-2025.
- Reviewer at Learning on Graphs Conference (LOG) 2024-2025.

MENTORSHIP

- Seokchan Oh, 2026-Now, Ph.D. Student at Texas A&M University.
- Leonardo Damian Cazares Trejo, 2026-Now, Ph.D. Student at Texas A&M University.
- Minh-Phuc Truong, 2025-Now, Undergraduate student at HUST. Status: Qualcomm AI Resident.
- Truong Nguyen, 2025-Now, Undergraduate student at HUST. Status: Qualcomm AI Resident.
- Tien-Phat Nguyen, 2025-Now, Undergraduate student at HUST. Status: Qualcomm AI Resident.
- Hai Nguyen, 2024-2026, Undergraduate student at HUST, Status. Qualcomm AI Resident $\Rightarrow$ Ph.D Student at Cornell ECE.
